

2020 Resource List - VCE

Requirements for all students

All students enrolling at VSV require regular and reliable access to a computer/device and the internet. Students will need to log in to *VSVOnline* (the school's learning management system) to communicate and submit work online regularly. They are expected to participate in multiple areas of the online courses, including online classes, forums and interactive activities. All student reports are only available online.

To have the best experience at Virtual School Victoria, students should have a device that is able to join live classes with a camera and a microphone. It is also recommended that they have a device with a physical keyboard to easily take notes and respond to communication.

Most desktops or laptops are compatible with *VSVOnline* and our online classrooms. Please keep in mind that for some subjects, an iPhone or iPad-like device (including Android tablets) will be insufficient to meet the needs of the study. Where possible, it is recommended that more than one device is available if more than one child is enrolled at VSV in the same family. For a full list of minimum technical specifications, please see <http://www.vsv.vic.edu.au/resourcelist/>

Will textbooks need to be purchased?

Some of our subjects require either digital or physical textbooks and/or other resources to be purchased. Our Resource List for 2020 is available at <http://www.vsv.vic.edu.au/resourcelist/>

The attached Resource Lists for Years 7-12/VCE detail the textbooks and other resources required for each year level. These textbooks and other resources can be purchased from the VSV's recommended textbook supplier, **Campion Education**.

Campion Education
94 McEwan Road, Heidelberg West VIC 3081
Phone: 1300 433 982
Website: <http://www.campion.com.au/>

Campion delivers throughout Victoria and has provision for interstate and overseas delivery.

Textbooks can be ordered online at: <https://admin.campion.com.au/ebooklists/> >> VIC (Select school) – The VSV school code is **DUJY**

It is also important that textbooks are ordered as soon as possible upon enrolment. Please note that VSV does not supply textbooks to students; and does not process any textbook orders.

Additional subject information

The subject information pages on the VSV website may have more details about technological and other requirements for individual subjects. Please read these pages carefully before making subject selections, see www.vsv.vic.edu.au/subjects
