

## 2022 Resource List – Year 7

### Requirements for all students

All students enrolling at Virtual School Victoria require regular and reliable access to a computer/device and the internet. Students need to log in to VSV Online, (the school's learning management system), to communicate and submit work online regularly. They are expected to participate in multiple areas of the online courses, including online classes, forums and interactive activities. All student reports are only available online.

To have the best experience at VSV, students need a device that allows them to join live classes with a camera and a microphone. It is also recommended that they have a device with a physical keyboard to easily take notes and respond to communication.

Most desktops or laptops are compatible with VSV Online and our online classrooms. Please note that a smartphone, tablet or Chromebook is not sufficient to meet the needs of the study. Where possible, it is recommended that more than one device is available if more than one child in the same family is enrolled at VSV. For a full list of minimum technical specifications, please see [www.vsv.vic.edu.au/enrolment/technical-requirements-specifications/](http://www.vsv.vic.edu.au/enrolment/technical-requirements-specifications/)

### Will textbooks need to be purchased?

Alongside the materials developed by VSV, certain subjects in Years 7-12 require textbooks and additional resources. Some of our subjects require either digital or physical textbooks and/or other resources to be purchased. VSV Resource Lists for 2022 are available at [www.vsv.vic.edu.au/enrolment/book-resource-lists/](http://www.vsv.vic.edu.au/enrolment/book-resource-lists/)

The attached **Year 7 Resource List** details the textbooks and other resources required. These textbooks and other resources can be purchased from VSV's recommended textbook supplier, **Campion Education**.
