Students in Schools

2023 Students in Schools Enrolment Handbook

Welcome to Virtual School Victoria

Virtual School Victoria (VSV) is Victoria's leading virtual school. Located in Thornbury, we provide virtual learning programs to 5500 students from Foundation to Year 12. More students study at VSV than any other government school in Victoria.

Our students come from diverse and unique backgrounds and are based in a wide variety of locations. We provide education to students who are unable to attend full-time mainstream schooling and to students who are unable to access the VCE Study of their choice in their home school. Central to our mission of providing virtual learning is a commitment to engagement and inclusion, regardless of each student's background or circumstances. We aim to provide our students with a personalised experience.

As our name suggests, we teach the Victorian curriculum using virtual and blended learning. We describe virtual learning as gaining knowledge or skills through study, experience, collaboration and teaching through information and communication technologies. Our online learning environment, VSV Online, allows for flexible, engaging and self-paced learning. This is complemented with a mix of live online classes and face-to-face learning opportunities.

The teachers at Virtual School Victoria are experts in their field as well as in virtual learning. They are dedicated to building the knowledge, confidence and resilience of every student. We take pride in helping our students prepare for university, higher learning or employment beyond their schooling.

Virtual School Victoria's learning programs are rigorously developed using best practice virtual learning techniques and user experience testing.

Whatever your reason for considering an enrolment with us, I encourage you to read the information in this handbook, as well as the subject information available on our website.

If you or your family would like to learn more about VSV and virtual learning, or have any other questions, our enrolment staff are here to help and provide confidential advice online.

About Us

For students currently enrolled at a mainstream school

What is VSV?

Virtual School Victoria (VSV) is the state's leading virtual school. We provide blended learning opportunities to Victorian F-12 students who are unable to complete a full range of subjects at a mainstream school. We foster a safe, engaging and inclusive learning environment by combining learning technologies with innovative and adaptive teaching practices. Our teachers are trained and experienced in best-practice online learning techniques, providing students with opportunities for regular interaction and individualised support. We are focused on challenging students to pursue excellence and achieve their individual learning goals.

VSV offers one of the largest ranges of subjects of any school in Victoria. We provide students with an opportunity to complete subjects that are either not offered at their school, or not available due to timetabling clashes or other issues. All of our subjects have been developed and are taught in accordance with the Victorian Curriculum and Assessment Authority (VCAA) requirements, with ample opportunities for extension and modification where necessary. In 2016, we launched Australia's first F-12 pedagogical model for online learning

At the end of 2018, the Minister for Education, the Hon James Merlino M.P., announced the key role Virtual School Victoria would play in the department's statewide initiative to provide every student access to every VCE subject – regardless of where they live or go to school. We are a system leader in online, virtual and blended learning, constantly evolving our practice based on the latest research. We are dedicated to do all that we can in order to build the confidence and resilience of every student.

What is virtual learning?

VSV defines virtual learning as gaining knowledge or skills through study, experience, collaboration and teaching through the medium of information and communication technologies. Studying a subject at VSV provides students with the flexibility and support to learn in a way that best meets their individual needs and circumstances. Students can work at their own pace to complete set learning activities without distraction. They also collaborate with peers in our secure online environment.

VSV students have access to a range of structured learning materials available online. Online classes and face-to-face seminars are held regularly in many subjects, providing further opportunities to connect and collaborate with peers. Teachers are available to speak to students in person, over the phone or online.

Students studying at VSV need to set up their own timetable and commit time each week to studying and completing set weekly work submissions. Students can expect to be devoting the same amount of time to study in each VSV subject as they would in each of their mainstream school classes. It is extremely important that students use assigned study periods while at school to complete their VSV work.

What will students learn?

In Years F-10, VSV's learning programs are in line with the Victorian Curriculum. In Years 11-12, VSV follows the curriculum set by the VCAA in our wide range of VCE subjects. Learning programs are organised into manageable segments. Students are guided through the subjects they are studying, and are provided with tasks to complete, which are then assessed by VSV teachers and returned with feedback. Personalised learning plans are developed where appropriate so all students, regardless of their age or ability, can be engaged and challenged.

Course counselling is the responsibility of the home school in cases where the student is enrolled in a subject outside of their chronological year level. Appropriate assessment of their suitability to undertake that subject should take place prior to enrolment at VSV.

Eligibility Requirements

1. Enrolment at a Victorian school

Enrolment at VSV is subject to Department of Education and Training (DET) guidelines and is only available to students enrolled at a Victorian Government or Non-Government School. Students must be between the minimum age of 4 years and 9 months and under the age of 21 years as of 1 January 2023 to enrol at VSV.

2. Principal's approval

The Principal of the student's home school must approve an application to study at VSV. For Non-Government Schools any unpaid/overdue fees will be the final responsibility of the home school to cover.

4. Maximum subject enrolments

Year 7-10 school-based students can study a maximum of one subject with VSV each semester.

Year 11-12 school-based students can study a maximum of two VCE Units with VSV each semester.

Direct enrolment with VSV

7

If students wish to enrol in more than the maximum number of subjects outlined above, they will need to submit an application to enrol directly with VSV. Direct enrolment with VSV is only available to students who meet the eligibility guidelines for specific enrolment categories, all of which require documented evidence to be submitted alongside the enrolment application. For more information, see the Direct Enrolment section of VSV's website.

Nominated School Supervisor Requirements

It is expected that home schools will support their students undertaking study at VSV by assigning a member of staff to act as a School Supervisor. The Department of Education and Training provide 0.1 FTE to the student's time fraction at their mainstream school, in recognition of the support provided to the student's VSV studies. For further information, please see 'Students also studying at Virtual School Victoria'

www.education.vic.gov.au/Documents/school/principals/management/CountingStudentsguidelines.pdf

School Supervisors have five main responsibilities as outlined below:

Enabling access

School Supervisors must ensure students have access to adequate means of communication with their VSV teachers during designated times at school. This will include access to a phone and email, and may include access to other technology such as webcams, microphones and video-conferencing equipment. Supervisors should ensure that students can access VSV Online (learning management system), and that they and their parents/carers know how to access and download student reports, which will be available online only.

Distributing resources

School Supervisors must ensure students are able to access their online learning materials. Any supplementary printed materials posted to the school must be promptly passed on to each student. Any completed assessments must be promptly sent back to VSV.

Administering assessments

School Supervisors must administer assessment tasks in a fair and consistent manner in accordance with the assessment rules set out by the VSV teacher. The supervisor is required to keep an electronic copy of all completed assessments. Supervisors must also liaise with their school's Exam Coordinator to confirm the time, location and any special conditions under which exams are to be held. Supervisors need to ensure students are aware of the details and requirements of their exams.

Liaising with VSV teachers

School Supervisors must liaise with VSV teachers and keep them up to date regarding any situations that might impact upon a student's ability to engage with their studies. If a student has been absent from their home school for an extended period of time, if their contact details (or that of the school) have changed, or if special provision arrangements are required for assessment tasks, the supervisor has to inform the Schools Liaison Coordinator at VSV. School Supervisors should regularly check VSV Connect to keep up to date on their students' progress.

Encouragement and support

School Supervisors should encourage and support students to complete and submit their completed work to VSV regularly, according to their prescribed submission timetable. VSV study time needs to be integrated within their weekly school timetable. Supervisors should support students to make regular personal contact with their VSV teacher, and connect them with available local sources of assistance where possible.

Technology Requirements

All students enrolling at VSV require regular and reliable access to a computer/laptop and the internet. Students will need to log in to VSV Online (the school's learning management system) to communicate and submit work online regularly. They are expected to participate in multiple areas of the online courses, including online classes, forums and interactive activities. All student reports are only available online.

To have the best experience at Virtual School Victoria, students should have a device that is able to join live classes with a camera and a microphone. It is also recommended that students have a device with a physical keyboard to easily take notes and respond to communication.

Most desktops or laptops are compatible with VSV Online and our online classrooms. Please note that a smartphone, tablet or Chromebook is not sufficient to meet the needs of the study. For a full list of minimum technical specifications, please see www.vsv.vic.edu.au/enrolment/technical-requirements-specifications/

Students will need access to YouTube. YouTube videos form an essential part of the learning materials for many subjects. Access will need to be arranged at the home school and may require adjustment of internet permissions. For further information about the technological requirements for individual subjects, please see www.vsv.vic.edu.au/subjects

VSV Connect

VSV Connect is a special area on our website where parents, carers and School Supervisors can view information about a student's progress at VSV. Once you have registered and logged in, you will be able to find details about:

- subjects the student is completing
- information about the work the student has submitted and the feedback they received
- teachers' contact details
- individual student reports
- helpful resources for parents and carers.

To access VSV Connect, parents, carers and School Supervisors need to provide a valid email address in the 'Primary Carer Information' and 'Home School Supervisor Information' sections of the enrolment application form.

The student's home school is responsible for all VCAA examination arrangements, including subjects taught by VSV.

The VCAA end of year examinations are subject-specific exams for students studying Unit 3 and 4 subjects.

All students studying a Unit 3 and 4 subject must sit the VCAA General Achievement Test (GAT).

Students studying the Extended Investigation VCE subject will be required to sit the VCAA Extended Investigation Critical Thinking Test. Please note the requirements stated on the pre-enrolment form.

Students studying any VCE subject that has an oral or performance component will be required to sit the VCAA Oral Presentation or Performance Examination, which must be completed in Victoria.

Home schools are responsible for applying directly to the VCAA for any Special Provision requirements. School Supervisors should inform VSV of any approved arrangements that are in place.

Refer to the VCAA website for 2023 exam dates www.vcaa.vic.edu.au

VCE Assessment Information

It is the home school's responsibility to register students for VCE assessment. Schools are responsible for ensuring that their VASS administrators accurately record those Units studied at VSV.

The VSV assessing school number is **01114**. Schools that are not registered as VCE providers with the Victorian Curriculum and Assessment Authority (VCAA) will need to negotiate with a VCE provider school willing to accept the students as their 'home school students'. **VSV will not accept school-based students as VSV** 'home school students' for VASS purposes.

Students will receive a satisfactory (S) or a nonsatisfactory (N) for a unit. The minimum requirements of the VCE still apply. Students who are enrolled in a non-scored VCE will need to have their School Supervisor confirm this in writing to the VSV Schools Liaison Coordinator. Students can choose this program for a range of reasons, but it is important to consider the implications this may have on your pathway options.
